INDEPENDENT AUDITORS' REPORT

To the management of Mitrovica Rock School

We have audited the accompanying financial statements Mitrovica Rock School, which comprise the balance sheet as at December 31, 2015, and the statement of revenue and expenditure, statement of changes in net assets and cash flow statement for the year then ended, and other explanatory notes.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Kosovo Accounting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mitrovica Rock School as of December 31, 2015 and the results of its operation for the year then ended in conformity with accounting principals generally accepted in Kosovo.

Mitrovica Rock School
Notes to the Financial Statements
For the year ended December 31, 2015

1. INTRODUCTION

The Mitrovica Rock School (“the Rock School”) is a non-governmental organization registered under the laws of Kosovo by the end of 2012. It started as a project in 2008 at the initiative of local musicians, Musicians without Borders (MwB) and Community Building Mitrovica (CBM) in order to bridge ethnic, ideological and religious divides between people, especially youth, in north and south Mitrovica and throughout the Kosovo region through music.

Due to the security situation the Rock School operates through two branches one in the North and the other one in the South of the city, even though the initial plan was to establish the school in one single location (basement of the Cultural Center on the south foot of the main bridge) but that was proven “a bridge too far”: the divide was too rigid and participants from the north could not be persuaded to cross the main bridge for daily lessons. So instead, the project was restructured: daily lessons were given at separate but connected branches in north and south Mitrovica and students came together for regular summer schools and training weeks in “neutral territory.”

Over 350 youth attended the school and approximately 150 students played in mixed bands during the annual Skopje Summer Schools.

The Rock School fills a huge gap in the city's youth and culture scenes and contributes to inter-ethnic relationship building. With its long-term approach and high-quality program, the Mitrovica Rock School has become a credible, locally owned institution that has gained the trust of beneficiaries, parents and the wider communities on both sides of the divide. Most importantly, it offers an invaluable experience to its participants to meet and play with youth from the other side of their own town in a place where “only the music matters.”

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

Attached Financial Statements are prepared for reporting purposes in accordance with applicable laws of Kosovo, and represent the entire picture of economic events that occurred in “Mitrovica Rock School” during 2015.

2.2 Currency of presentation

Reporting of occurred transactions of NGO “Mitrovica Rock School” for this period is done in EUROS (“EUR”), thus Financial Statements are prepared in EUROS as well, which is the official currency used in Kosovo since January 2002. “Mitrovica Roch School” for his cash inflows and cash outflows uses two bank accounts in Pro Credit Bank.

For the purpose of the statement of cash flows, cash and cash equivalents are considered to be cash on hand and at banks and in operating accounts at banks with an original maturity of three months or less.

2.3.1 Property and equipment

Property and equipment are stated at cost, or fair value for purchased or donated assets, less accumulated depreciation and provision for impairment where required. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down to its recoverable amount and the difference is charged to the statement of revenue and expenditure. The estimated recoverable amount is the higher of an asset’s net selling price and its value-in-use.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm’s length transaction.

The cost or fair value of purchased or donated property and equipment is the value of the consideration given to acquire the assets and the value of other directly attributable costs which have been incurred in bringing the assets to their present location and condition necessary for their intended use.

Depreciation is provided on a straight-line basis calculated to write off the recorded cost or fair value of property and equipment over their estimated useful lives.

15. RELATED PARTY DISCLOSURE

For the purposes of these financial statements, parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions as defined by IAS 24 "Related Party Disclosures". In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form.

16. RISK MANAGEMENT

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Mitrovica Rock School is exposed to credit risk in respect of membership fees receivable from its members.

Interest rate risk

The Mitrovica Rock School currently is not exposed to the interest rate risk.

Foreign exchange risk

The Mitrovica Rock School is exposed to foreign exchange risk as transactions are undertaken both in local and foreign currency. Management monitors and sets limits on the level of such exposure by currency and in total. The Mitrovica Rock School does not speculate in or engage in the trading of derivative financial instruments.

Liquidity risk

Liquidity risk is defined as the risk when the maturity of assets and liabilities does not match. The Mitrovica Rock School is committed monitor its liquidity on a periodic basis in order to manage its obligations as and when they shall become due.

Fair value of financial instruments

The carrying value of all financial assets and liabilities reflected in the financial statements approximate their fair values.
